Dear Woody

Your article you wrote concerning the problems that not only I, but others also have been having with Munster Kidney arrived in the mail last Friday. I just want to thank you for doing such a great job at getting to the bottom of it. You are a wonderful asset to Senior Care. All your work is greatly appreciated. By the way I recently received a check in the mail from them for \$15.00 and change. Thank you
Woody
Sincerely Pat
